

Home I.T Service.

Here at Nybble we offer a wide range of services. We tailor ourselves around you, the customer. Our highly qualified and experienced engineers are at hand to help you with all your I.T needs. Whether it be a Virus removal, an upgrade to your existing system or even if you want to purchase a brand new Laptop or PC.

We also offer a Pick Up and Drop Off service. If you have not got the time to drop it off to us we will be more than happy to come to your house and pick it up, we our quick turnaround of 24hours you will have your computer back as quickly as possible.

With our no fix no fee policy you can rest assured that you are not going to be paying for something that wasn't necessary. Although we are quite sure that's there is nothing we can't fix.

We won't baffle you with computer jargon nor will pressure you with any sales pitch. We will advise and make sure that your voice is heard throughout your time with us. Our retail staff are trained and very knowledgeable...and if they don't know something, they know where to get it from!
